GREETING WORDS

Dear Colleagues,

Coming up for the thirteenth time in September 2026: »Master of Disaster«. After last years' great success, we continue our course: You are cordially invited to join us – on-site in Essen / Germany or online.

The program on Thursday focusses on a variety of senological and gyneco-oncological topics. Amongst it: the traditional breast surgery marking course „Painting by Numbers".

In particular we are looking forward to present you live surgery again in 2026 – transmitted from four theaters of the KEM | Evang. Kliniken Essen-Mitte to the lecture hall in the Hotel Franz (exclusively for the audience in Essen). As usual, our moderators there will comment the pictures in a competent way – and will forward your questions to the surgeons, too.

The lecture program is again performed by outstanding representatives from our international and national cooperation partners.

You are welcome to share the invitation to the training programme within your network and pass it on to your valued colleagues.

Whether personally in Essen or online: We are looking forward to welcome you!

Yours sincerely,

Prof. Dr. med. Sherko Kümmel

Prof. Dr. med. Philipp Harter
